

Have you ever imagined windows can come in so many styles and colors? Here at Crystal, the hardest part is choosing the right style windows made in your favorite color. Crystal Series 200 vinyl windows can be painted with 10 optional two-tone custom colors:

- 1: Blue
- 2: Dark Brown
- 3: Beige
- 4: Dark Green
- 5: Dark Red
- 6: Black
- 7: Earthtone
- 8: Grey
- 9: Clay
- 10: Medium Brown

*Color for illustration purpose only. Actual color may vary slightly.

The **VERSATILE** Crystal Series 200 Fully Welded Vinyl Line is also available in a full collection of styles, sharing many similar features.

CRYSTAL SERIES 200 FULLY-WELDED VINYL WINDOWS

AAMA Rated LC50 / R40

Traditional Craftsmanship Meets Today's Technology.

A perfect balance of traditional design and quality is what makes the 200 Series the premier product in the industry. Traditional design appointments from the artistic beveled exterior to the shadow line sash face brings back the feeling of a traditional American home design.

3 1/4" Fusion-welded frame has a wall thickness of 0.072". Providing excellent structural integrity.

Ergonomic-design night latches combine ease-of-use with peace of mind.

High-profile tilt latches for easy operation when tilting sashes into the house for cleaning.

Cam-Type compression sash lock for airtight seal and maximum weather protection.

This high-performance "hospital sill" gives the highest testing results for air & water protection while allowing draft-free ventilation.

The in-between glass grids for beauty and no maintenance. (optional feature. Many styles and patterns available.)

Window sash operation is made easy with durable constant-force balances.

Durable extruded half-screen comes standard.

Optional custom two-tone finish matches any facade (available in 10 exterior colors)

Beveled exterior frame adds elegance to the exterior of your home.

Heavy Multi-Chamber construction maximizes strength, durability and insulating performance.

7/8" Insulated glass for maximum energy savings

PPG Intercept® Warm-Edge Spacer optimizes thermal performance 365 days a year.

Dual-wall, full-length, extra-deep lift rail for easy operation.

Triple full length weather-stripping seals at both head and sill significantly minimizes air infiltration.

CRYSTAL SERIES 200 THERMAL PERFORMANCE	Clear	0.46	0.59	LEGEND: U-Value SHGC
	Low-E (Soft Coat)	0.30	0.38	
	Low-E (Performa TC™ Soft Coat)	0.29	0.29	
	Low-E Triple Glazed IGU (Dual Performa TC™ Soft Coat)	0.22	0.22	

R5

ENERGY SAVING TIP:
Upgrade Crystal Series 200 Double Hung Windows with Triple Glazed with dual Low-E coated IGU* to achieve R5-qualified performance.
*IGU = Insulated Glass Unit

Once you are able to refocus on performance criteria the technological enhancements make this one of the highest performing windows in the industry. In addition, we have added the strongest warranty in the industry to give you the assurance that you have purchased the very best window for the money.
